

Circle of Security Parenting

Presented by WSLHD Child and Family Health
& SAGE Community Services

**FREE
CHILDCARE**

Circle of Security is a parenting program to help you build a strong and healthy relationship with your child!

The Circle of Security Program provides an opportunity for parents to learn more about their child's emotional needs and explore strategies that can help meet their needs.

Research shows that children who have a secure relationship with at least one parent have much better educational, health, relationship and general wellbeing outcomes into the future.

To be eligible for this group, parents must be available to participate in all eight sessions. Parents of children under 5 years old currently in their care will be prioritised.

Please do not attend if you feel unwell or have cold/flu symptoms.
